*AFRICA*

**'We are extremely proud of  
our many long standing  
customer relationships  
across the globe'**

# Trucks for Africa

We have been dealing in truck spares for over 40 years, and we are the African Market Leader – exporting and importing of heavy transport vehicles, trucks, used spares and plant

equipment to all major African destinations including: Durban, Johannesburg, Cape Town, Dar es Saam, Walvis Bay, Lusaka, Mombasa, Nairobi and many more.

We supply full truck units and parts for all the major truck brands – including Mercedes, MAN, DAF, Iveco, Scania and Volvo at our global facilities, managing every order in full to secure prompt delivery from the UK, Asia, South America and Africa.

With a reputation across the globe for delivering trucks and spares on time and to a budget to suit all needs, it's no surprise we have hundreds of customers who return year after year to update their fleet.

***We have a global relationship with thousands of customers who we have known for many years and still trade with today.***

## 'RC Tuxford Exports UK facility'

*At any given time this facility holds approximately 700 truck units + an extensive store of truck spares.*

### Market leaders
